AND WHY DO SO MANY PEOPLE LOVE USING IT?

FIND OUT INSIDE!

Based on a true story

of how a geek, trying to help one damsel in distress, met two angels along the way and actually helped many more.

IT ALL STARTED 20 YEARS AGO WHEN A VOLUNTEER MANAGER, SICK OF STRUGGLING WITH NOTE CARDS AND SPREADSHEETS, SCREAMED...

HEARING HER, A COMPUTER NERD WHO LOVED TO FIX THINGS, THOUGHT...

HE WORKED HARD TO LEARN EVERYTHING HE COULD ABOUT VOLUNTEER MANAGEMENT.

HE AUTOMATED THE FRUSTRATING PARTS AND LEFT THE VOLUNTEER MANAGERS FREE TO DO WHAT THEY LOVED MOST...WORKING WITH VOLUNTEERS.

BUT HE WASN'T DONE YET.

HE FOUND TWO OF THE NICEST WOMEN HE COULD TO ANSWER THE PHONE AND HELP OTHERS WITH THEIR QUESTIONS. NO AUTOMATION, JUST FRIENDLY HUMAN SUPPORT.

WE BELIEVE THE VOLUNTEER REPORTER IS THE BEST VOLUNTEER SOFTWARE ON THE MARKET TODAY. THANKFULLY, THOUSANDS AGREE.

What people are actually saying about The Volunteer Reporter...

We are just so pleased with our new software, the Volunteer Reporter. It is very user friendly, inexpensive, runs a multitude of customized reports, they offer data conversion from your old system, on-line training videos, touch-screen sign in (which the volunteers love), and their customer service and technical support are unbelievable! I would highly recommend contacting them. They offer a free trial which gives you a hands on look at all of the great features of this program.

I've used Volunteer Reporter for nine years and I really like it. The technical assistance is great - quick response, polite people who are very patient. I was extremely impressed with their response to requests for changes/additions to the software. Spent a great deal of time making the decision of which software to purchase and I've always been satisfied with my choice.

I purchased it when at another hospice and found it to be most successful so now I am at a different hospice and we have been fortunate to receive funding to get the same program here.
